

Dear Parents/Carers

My name is Danielle, I am the Bexley Holiday Activities and Food Community Coordinator (HAF Coordinator). My role is to develop the HAF programme in Bexley. I just wanted to share some important information with you.

The vouchers for the winter HAF programme have now been emailed out. The email will have come from 'Holiday Activities'. The email contains your unique booking code. If you have not received your voucher please check your email inbox and your junk mail. If you still can't find it, please inform your child's school.

The HAF programme this winter involves an exciting, wide variety of activities, youth programmes for young people aged 11-16 and, of course, a meal provided. A list of these programmes can be viewed at: [Holiday activities and food programme | London Borough of Bexley](#)

Please use your voucher to avoid your children/ young people missing out on these fantastic clubs.

A polite reminder that if you book a club, it is important that your child attends. Many of our clubs have waiting lists, as there are more children than places. Therefore, please don't book a club and fail to turn up. Should you need to cancel your place, please let the provider know, well in advance, so that the place can be filled. If you do not turn up for a day, without communicating with the provider, they reserve the right to cancel the rest of your booked days.

I really hope you will take advantage of this great programme, whether it be to encourage your child to form new friendships, be active and away from screens, build confidence, try something new, or just for you to have a few hours of peace and quiet, knowing they are safe and entertained!

For young people aged 11-16, there are programmes, which include developing life skills, confidence, team sports, swimming.

Please contact me, or HAF@bexley.gov if you would like any more information.

Kind regards

Danielle Brown
HAF Community Coordinator
