Dear Parents and Carers,

The online world can be a bit overwhelming at times but it is important we understand what our children are doing online so we can help make them safer. The Safer Schools App aims to help with this.

We are delighted to invite you to download our new Safer Schools App provided by our school insurance provider Zurich Municipal. Please see below information regarding how to install the Safer Schools App which our Safeguarding Leads will be updating with the latest information about Online Safety. Advice will be available on keeping your child safe online, new trends that might be appropriate and helpful guides and videos.

About the Safer Schools App

The App is designed to help you to support and protect your child online. Through your log-in you will get access to information that is relevant to them and receive tips and advice on how to keep them safer online.

Ready to make your children safer?

Download the Safer Schools App now!

Make sure to enable push notifications to keep up-to-date

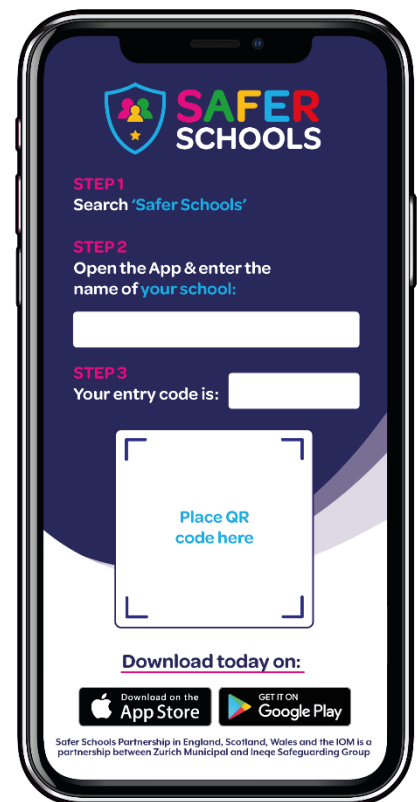

You can access the App by either scanning this QR Code:

or entering this Numeric Code: **7675**

Download and Login Instructions

STEP 1

Search 'Safer Schools' and download the App.

STEP 2

When you open the Safer Schools App, you will be presented with the login screen. Here you will see your two options for accessing the App - numeric or QR.

1) Scan the QR Code

First, tap the "Scan QR Code" button (...or just Scan QR on Android...).

Hold your device so the QR code appears in your camera view (you may need to give permission for the App to use the camera). When it scans the code, you will be logged in!

2) Using the Numeric Code

In the "Select your school" section, choose your organisation from the dropdown list and click 'continue'.

Next, simply enter the 4-digit access entry code for your role within the school (parent/carer, staff or pupil).
