

16 January 2024

Dear Parents/Guardians,

To help provide more tailored support to our year 11 students during their mock period some changes will occur around the intervention timetable. From the 22nd January students will no longer be required to stay after school on a Tuesday (science) or Thursday (history/geography/French/computer science) until the end of this half term. Instead, we are offering students the opportunity to join an online live revision session the night before some of their exams with their subject specialist. Please be aware that other subjects may also make changes but the following only refers to science, geography and history.

The links to the call will be provided via their google classrooms and students should log onto the call 5 minutes before it is due to start. Please see the timetable below, if you have any questions please do not hesitate to contact me.
