End of year assessments

Dear Parent/Guardian,

Please be aware that over the next few weeks (including after half term), assessments will be taking place in all your child's subjects. The purpose of these assessments is to determine how well they are performing in each subject.

These assessments are important for several reasons. Not only do they inform us of their strengths and weaknesses, they also help us determine teaching groups for the next academic year.

Please find on the next page, the dates of these assessments as well as the themes/topics/skills your child will be tested on.

An assembly was delivered to all students this week explaining that these assessments were taking place and that the best way to prepare is to go over the topic list attached.

If you have any further questions, please email the head of department of that subject and they will endeavour to answer your query as soon as possible

Yours faithfully,

Mr Onabanjo
KS3 Raising Standards Lead
